

Cybersafety

Profile of a young person:

- *social networking*
- *online chat*
- *mobile phones*
- *web2 internet*

These are almost essential ingredients for growing up in this modern world; the need to be technologically savvy, to be a participant socially, and capable in work environments.

But what are the dangers? How do parents assist their kids in these areas? What can parents contribute?

Explore these issues at a forum for information and discussion.

When: Monday 24 August

Where: Donvale Christian College G Block

Time: 7:30pm

Topics covered include students as cybercitizens, online behaviour, personal and peer safety, schools and cybersafety, the internet, some aspects of law, bullying and minimising risks.

This forum is for all parents, particularly those who have children in Years 5-10.

Contact Paul Reid Paul.Reid@donvale.vic.edu.au if you need more information. See you there.
